

LEED Analysis (Based on LEED v3) SportsBoard Conform Acoustical Panels

SportsBoard Conform acoustical panels can help earn LEED points for New Construction (NC), Core & Shell (CS), Schools, Retail, Commercial Interiors (CI), Homes, Healthcare and LEED Canada.

- Exceptional durability in damage-prone areas.
- Stands up to impacts from people, equipment and even baseballs.
- Contains fiberglass core with a perforated co-polymer lamination.

MR Credit 4 Recycled Content

The fiberglass core contains a minimum of 47% post-consumer recycled content and no qualifying pre-consumer content.

The perforated co-polymer lamination contains an unspecified amount of recycled content.

All product components are 100% recyclable.

MR Credit 5 Regional Materials

This product comprises of multiple extraction and manufacturing sites. Assume more than 500 mile distance.

MR Credit 6 Rapidly Renewable Materials

This product does not contain rapidly renewable content.

MR Credit 7 Certified Wood

This product does not contain wood.

IEQ Credit BD+C (Schools & Hospitals), ID+C (Retail) Low Emitting Materials- Ceilings and Walls

This product contains <0.5 mg/m³ VOCs.

Applicable Credits

- Post-consumer recycled content – v2009 MR c4: Recycled Content
- Diversion from landfill for recycling - v2009 MR c2: Construction Waste Management
- Low-emitting materials – v2009 IEQ c4.6 Low-Emitting Materials – Ceiling and Wall Systems
- Schools – v2009 IEQ c9: Enhanced Acoustical Performance.
- Healthcare – v2009 IEQ c2: Acoustical Environment.

Applicable Pilot Credits

- Schools NC-v2009 IEQ pc24: Enhanced Acoustical Design
- CI-v2009 IEQ pc24: Schools Enhanced Acoustical Design
