This document is provided for clarification of the Safety Data Sheet that you have requested for our product(s). OSHA Hazard Communication Standard requires a SDS for hazardous chemicals; however, the standard exempts all articles from the requirement. The explanation of an article is described per OSHA definition below.

Pursuant to 29 CRF 1910.1200 (b) (6) (v) and (c), the product described herein is an "article" or is otherwise excluded from OSHA regulations requiring that a Material Safety Data Sheet be prepared for it.

An article defined: manufactured item other than a fluid or particle: *(i)* which is formed to a specific shape or design during manufacture; *(ii)* which has an end use function(s) dependent in whole or in part upon its shape or design during end use; and *(iii)* which does not release, or otherwise result in exposure to, a hazardous chemical under normal conditions of use.

For technical information and additional resources covering these products please refer to Kinetics Noise Control's published literature, e.g., data sheets, product drawings, and installation guidelines at [www.kineticsnoise.com](http://www.kineticsnoise.com).

As of the date of this document, the foregoing information is believed to be accurate and is provided in good faith to comply with applicable federal and state laws. However, no warranty or representation of law or fact, with respect to such information, is intended or given.
